ByteBusters_

Table of Contents

Hey there, nice to meet you! 👋

We're ByteBusters, a team of IT pros ready to take charge and take on any tech issues you have to face.

We're focused on small and medium businesses: businesses who either don't have a lot of IT experience at their disposal, or who do have an IT team but could use some extra help.

Our goal is to always provide expert service and the right tools for your team. That's why we offer a satisfaction guarantee, and will refund your money if you're unsatisfied with our work in any way.

Ready to learn more? Give us a call or shoot us an email.

We're ready to help you!

Professional Services

Our bread and butter services, built to help you and your business.

These services are offered independently of other offerings, however if another offering is purchased without a service plan, support requests will default back to these hourly rates.

Billed Hourly

$125/hr

Technical Services

Active assistance for technical issues and services. We work on:

- Linux (deb- and rpm-based)
- Networking
- Telecommunications
- Databases
- Cloud Computing
- And more...

$90/hr

General Advising

Looking for guidance or help with a not-so-technical issue? We'll help you out.

Services must be booked by 6 PM on the prior business day.
If immediate services are required, a 15% Emergency Services fee will apply.

Monthly billing is based on our evaluation of your business and is separate from other offerings. Reach out to us to find out more and to determine what tier you fit into.

Billed Monthly

$3500 /mo

Low-tech Business

If you and your employees spend most of your time away from a computer, you're likely low-tech.

$5000 /mo

Medium-tech Business

Companies that rely on computers to get the job done, but who don't have in-house IT or any associated infrastructure.

Contact Us

High-tech Business

Already heavily invested in your own IT department? Chances are you're looking to hire someone for a specific project.

Give us a call or email us at:

Services must be booked by 6 PM on the prior business day.
If immediate services are required, a $15 Emergency Services fee will apply.

Google Services

ByteBusters is proud to be a Google Cloud Partner.

Get in contact with us to see how we can help your organization modernize on Google's world-class platform.

Google Workspace

Is your team ready to collaborate from anywhere?

Leverage the power of Google Workspace to keep your team productive from everywhere. Google Workspace works on any computer without the need for special software. Your team can edit documents, create slideshows, and work in spreadsheets, all from a web browser. Plus, your files are stored securely in the cloud on Google Drive, so there's no need to worry about physical infrastructure.

When you sign up for Google Workspace with ByteBusters, we make sure your Google Workspace instance is secure and set up with best practices in mind. Our team of experts will handle the entire set up process, including migration from an old platform if you have one. We ensure you and your team have a smooth transition with minimal downtime, and can even offer training if desired. Plus, we'll provide ongoing support at our rates published in our Professional Services section.

Get started on Google Workspace with confidence, knowing ByteBusters has your back every step of the way. Embrace the future of work with ByteBusters and Google Workspace at your side, you can focus on what you do best.

Google Apps Script

Automate business processes to save time, reduce headaches, and unlock new efficiencies. By leveraging the power of Google Apps Script, we can help you streamline workflows, integrate disjointed systems, automate data collection and handling, generate reports automatically, send personalized emails effortlessly, and manage complex spreadsheets with ease.

Stop wasting valuable time and resources on manual processes. By leveraging our expertise, you can unlock the full potential of your data and optimize your workflows for maximum efficiency. Simply tell us your automation goals, and we'll bring them to life— we'll help you streamline operations, reduce errors, and free up your team to focus on what matters most. Contact us today for a free consultation and discover how we can transform your business with the power of Google Apps Script.

Websites

An internet presence is all but required today to interact with your customers. Why not have one designed just for you?

A Website Upkeep plan is required to be maintained for at least 1 year from the launch of your website with us, however you're free to switch plans between months.

These prices relate to websites with up to 10 pages. Need more? Get in contact with us for a quote.

$8000

Website Design & Creation

The initial cost for your custom-made website. This includes a stylesheet made to spec and Fully Managed services for your first month, all built on top of an easy to use content management system.

Website Upkeep

$3000 /mo

Fully Managed

You say it, we do it.

Delegate your website and publishing content to us. All you have to do is supply us with your assets and tell us what you want done. General support, stylesheet updates, and 128GB of storage with short-term backups are also included!

$750 /mo

Managed Stylesheet or Support Line

For those who are confident with managing the content of their website themselves, but either want to make regular edits to the styling of their website or have access to our support line. We also include 64GB of storage with short-term backups.

Both options are bookable at a combined total of $1500/mo.

$50/mo

Hosting Only

Don't need any extras? No problem.

We include 32GB of storage and short-term backups.

That being said, if you ever find yourself needing help, we're always available at our published hourly Professional Services rate.

Startup & Young Company Services

Congratulations on a new endeavor! We can help you get your tech off the ground so you can focus on what you do best.

These services are only available for companies that both have fewer than 20 employees and are under a year old.

$5000 /3mos

Professional Services

Our professional services offering at a discounted rate, special for new businesses.

$250

Google Workspace Setup

Get a jumpstart on your office suite. We'll get your domain, email, and workspace utilities up-and-running so you don't have to.

FREE with a Professional Services package!

Data Services

Get better insight into your business. We'll work with you on data collection, storage, and analytics to turn your raw data into actionable information.

Contact Us	### Databases We'll build and maintain a database for your information. Pricing varies based on the amount of storage and compute you need. Give us a call so we can find the right type of database specifically for you.

|	
Contact Us	### Data Collection Have various sources of data, but no way to manage it? We'll work with you to find a way to centrally manage your data, allowing it to be used to improve your business.

Contact Us	### Business Intelligence (BI) Reports Turn your raw data into something human readable. BI reports are custom-made documents built from your data, containing graphs and tables to provide insight into your business operations. Each report is different, so reach out to us to learn how these reports can benefit you.

Hardware
